

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Central Maine Power Company) Project Nos. 2519-018 and 019

ORDER AMENDING LICENSE, REVISING PROJECT BOUNDARY, AND
APPROVING AS-BUILT DRAWING

FEB 06 1997

On October 23, 1996, Central Maine Power Company (licensee) filed an Exhibit G drawing and a recreation as-built drawing for the North Gorham Hydroelectric Project located on the Presumpscot River in Cumberland County, Maine. The recreation as-built drawing for a carry-in boat launch facility was required by ordering paragraph B of Order Modifying and Approving Tailrace Access Improvement Plan (Order), issued February 16, 1996. ^{1/} The licensee supplemented the filing on December 11, 1996, with photographs of a Part 8 sign placed at the facility.

The licensee contacted the abutting landowner, S.D. Warren Co., about the possibility of acquiring a parcel of land and moving the boundary line so the recreation facility, as approved in the Order, would lie totally within licensee owned land. In a letter dated January 9, 1995, S.D. Warren Co. agreed to donate a portion of the lot on the southwestern side of the Windham Center Road (Tax Map 11, Lot 22) to the licensee for the purpose of building the recreation facility. The Exhibit G drawing includes the parcel added to the project boundary. The appropriate archeological and environmental surveys were completed for recreation development of this parcel during relicensing.

The as-built drawing shows the placement of the seven car parking lot, a sign designating handicapped parking, culvert placement, gatepost width and elevations, access trail construction, and ramp construction.

The submitted Exhibit G drawing shows the change in project boundary and should be approved. The recreation as-built drawing for a carry-in boat launch facility meets the requirements of the Order and should be approved.

During our review of these as-built exhibit drawings, discrepancies were noticed in the cataloging of some previously approved project exhibit drawings. The discrepancies are noted below:

On November 22, 1993, the Commission issued Order Issuing New License ^{2/} for the North Gorham Project. Ordering paragraph B approved the following exhibit drawings:

^{1/} 74 FERC, ¶ 62,078.

² See Order Issuing New License (Major), 65 FERC ¶ 62,154 (1993).

FERC - DOCKETED

FEB 6 1997

9702110153

<u>Exhibit</u>	<u>FERC Drawing No. 2519-</u>
G-1	003-4
F-1	003-1
F-2	003-2
F-3	003-3

The correct numbering for these exhibits should read:

<u>Exhibit</u>	<u>FERC Drawing No. 2519-</u>
G-1	1004
F-1	1001
F-2	1002
F-3	1003

The Director orders:

(A) The exhibit drawings approved in the November 22, 1993, Order Issuing New License, Ordering paragraph (B), shall be renumbered as follows:

<u>Exhibit G-</u>	<u>FERC No. 2519-</u>	<u>Showing</u>
1	1004	General Map
<u>Exhibit F drawings</u>	<u>FERC No.</u>	<u>Showing</u>
Sheet 1	2519-1001	Dam, Plan-Sections-Details
Sheet 2	2519-1002	Powerhouse, Plan-Sections
Sheet 3	2519-1003	Dam and Powerhouse Elevations

(B) The licensee's filing of October 23, 1996, supplemented on December 11, 1996, of an Exhibit G boundary map and as-built drawing of the tailrace access facility is approved and made part of the license:

<u>Exhibits</u>	<u>FERC Drawing No.</u>	<u>Showing</u>	<u>Superseding</u>
G-1	2519-1006	Detail Map of North Gorham Project Boundary	2519-1004

(cont.) Exhibits	FERC Drawing No.	Showing
R-1	2519-1007	Carry-In Boat Launch, Parking Lot and Road Improvement Details

(C) Within 90 days of the date of issuance of this order, the licensee shall file an original and two duplicate aperture cards of the approved drawings. The originals should be reproduced on silver or gelatin 35mm microfilm. The duplicates are copies of the originals made on Diazo-type microfilm. All microfilm should be mounted on Type D (3 1/4" x 7 3/8") aperture cards.

Prior to microfilming, the FERC Drawing Number (e.g. 2519-6) shall be shown in the margin below the title block of the approved drawing. After mounting, the FERC Drawing Number should be typed on the upper right corner of each aperture card. Additionally, the Project Number, FERC Exhibit (e.g. G-2), Drawing Title, and the date of this order should be typed on the upper left corner of each aperture card. See Figure 1.

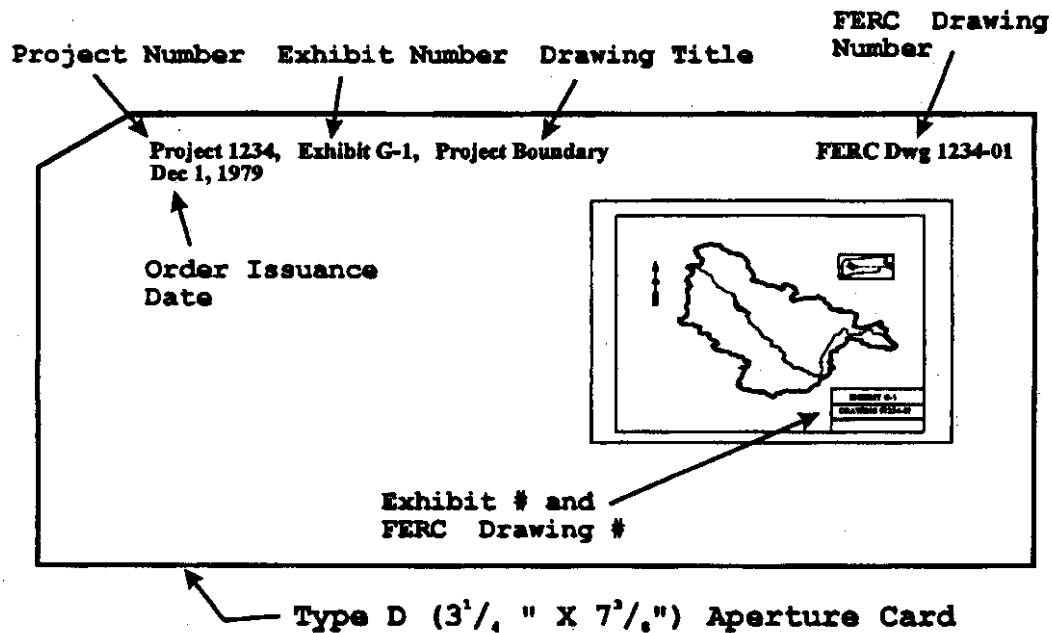

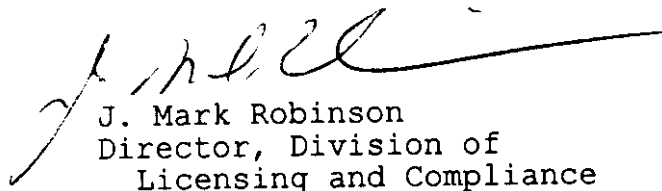

Figure 1. Sample Aperture Card Format

The original and one duplicate aperture card should be filed with the Secretary of the Commission. The remaining duplicate aperture card should be filed with the Commission's New York Regional Office.

Project Nos. 2519-018 and 019 -4-

(D) This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of issuance of this order, pursuant to 18 C.F.R. § 385.713.

J. Mark Robinson
Director, Division of
Licensing and Compliance
