RE: P-10678, Indian Orchard Hydro

Attn: Ryan E. Pickett, P.E.:

For calendar year 2018 Ware River Power, Inc. (WRP) has managed the Indian Orchard Hydro Power Project. The project has adhered to all recognized minimum stream flow requirements as determined in its FERC License.

Furthermore, there have been no known down-stream changes that would affect our FERC hazard classification.

Sincerely,

A handwritten signature in black ink, appearing to read "LW", with a long horizontal line extending to the right.

Lucas Wright
