Re: Newfound Hydroelectric Project, Water Street, Bristol, NH
RPR #2959

Dear Mr. Hickey:

In conformance with 36 CFR 800.4(c)(1) and (2) of the Advisory Council on Historic Preservation procedures, 36 CFR Part 800: *Protection of Historic Properties*, staff of the Division of Historical Resources has reviewed the materials you submitted regarding the proposed project. The DHR understands that your organization is requesting a review to determine if normal operating procedures will affect historic properties.

Edna Feighner, Archaeologist and Review and Compliance Manager, has reviewed the Request for Project Review Form and concurs that no archaeological survey is necessary at this time. The property and its associated features appear to be more than fifty years old. The property has not been previously evaluated and therefore it is unknown as to whether or not the property is eligible for listing in the National Register of Historic Places.

Based on an understanding that this "project" merely entails normal operating procedures, the project as described will constitute "*No Adverse Effect*" under 36 C.F.R. Part 800.5(a)(1). However, should any future project have the potential to alter character-defining features or entail ground disturbing activities, additional Section 106 coordination may be required that may include the preparation of a New Hampshire Inventory Form or archaeological studies.

Should you have any questions or concerns, please feel free to call Nadine Peterson, Preservation Planner, at 603-271-6628.

Sincerely,

Elizabeth H. Muzzey
Director/State Historic Preservation Officer

Please refer to the Request for Project Review manual for direction on completing this form. Submit one copy of this project review form for each project for which review is requested. Include a self-addressed stamped envelope to expedite review response. Project submissions will not be accepted via facsimile or e-mail. This form is required. Review request form must be complete for review to begin. Incomplete forms will be sent back to the applicant without comment. Please be aware that this form may only initiate consultation. For some projects, the Division of Historical Resources (DHR) may require additional information to complete our review. All items and supporting documentation submitted with a review request, including photographs and publications, must be retained by the DHR as part of its review records. Items to be kept confidential should be clearly identified. For questions regarding the DHR review

process, please visit our website at: www.nh.gov/nhdhr/review or contact the R&C Specialist at 603.271.3558.

PROJECT BOUNDARIES AND DESCRIPTION

PROJECTS CANNOT BE PROCESSED WITHOUT THIS INFORMATION

REQUIRED

- Attach the relevant portion of a 7.5' USGS Map (photocopied or computer-generated) *indicating the defined project boundary.*
- Attach a detailed written description of the proposed project. Include: (1) a narrative description of the proposed project; (2) site plan; (3) photos and description of the proposed work if the project involves rehabilitation, demolition, additions, or alterations to existing buildings or structures; and (4) a photocopy of the relevant portion of a soils map (if accessible) for ground-disturbing projects.

Architecture

Are there any buildings or structures within the project area? Yes No

If yes, submit all of the following information:

Approximate age(s):

- Photographs of *each* building located within the project area along with a photo key. Include streetscape images if applicable. (Digital photographs are accepted. All photographs must be clear, crisp and focused)
- DHR file review conducted on _____ Provide file review results in project narrative.

Please note that as part of the review process, the DHR may request an architectural survey or other additional information.

Archaeology

Does the proposed undertaking involve ground-disturbing activity? Yes No

If yes, submit all of the following information:

- Project specific map and/or preliminary site plan that fully describes the project boundaries and areas of proposed excavation.
- Description of current and previous land use and disturbances.
- Any available information concerning known or suspected archaeological resources within the project area.

Please note that as part of the review process, the DHR may request an archaeological survey or other additional information.

DHR COMMENT

This Space for Division of Historical Resources Use Only

- No Potential to cause Effects Additional information is needed in order to complete our review
- No Adverse Effect No Historic Properties Affected Adverse Effect

Comments: _____

If plans change or resources are discovered in the course of this project, you must contact the Division of Historical Resources as required by federal law and regulation.
