John,

I am working on a LIHI application for Briar Hydro Associates Rolfe Canal hydroelectric project located on the Contoocook River in Concord, Merrimack County, New Hampshire. Can you comment on the project's compliance with the terms and conditions of its FERC License(Project No. 3240) issued December 5, 1984 and attached for your reference? Fish passage has not been requested at this project to date.

Thank you and please contact me if you need any additional information.
