

Orono A & B Hydroelectric Project – Black Bear Hydro Partners, LLC (April 2016)

F. Cultural Resource Protection

Cultural resource assessments during the licensing process did not reveal any specific issues associated with the Orono Project. However, the Project does have a Cultural Resource Management Plan which includes provisions to address cultural resource issues in the event they arise during the term of the license. No cultural resource issues arose during the period of 2010 to 2015.
